Heading to the \$2 Million Magic Millions Guineas!!!**

I love this time of the year as we are getting closer to the first big sale of 2019. The Magic Millions Gold Coast Yearling Sale is just a week away and I have a mountain of work to complete before the first yearling is knocked down by David Chester on 9 January 2019.

I am planning to purchase four yearlings at this sale, but this could change depending on the strength of the auction. I am planning to buy one each for Darren Weir, Patrick Payne, John Thompson and Kris Lees.

The nominations are due out later today for the supporting races for the day. The nominations for the Two Years Old Classic and Three Years Old Guineas are already out. Zizzis holds down 11<sup>th</sup> spot on the latest list but I don't expect some of the horses above her to accept. As it stands Prime Thoroughbreds finished with two horses in the top 30 for the Guineas. Golden Script is the other, but

she is in the spelling paddock. This is a great effort considering the number of horses purchased nationally from Magic Million's Sales in 2017.

I'm expecting big nominations for the remaining races. It will be interesting to see the final composition of the fields for the day. I'm certain the drought will play a big part in which horses finally arrive to race on the Gold Coast.

Our other nominations are Husson Eagle in the Magic Millions Cup, Not Surprising in the Country Cup with Addocarr and Dunbrody Power in the Magic Millions Maiden. I will be a little anxious until we see the final nominations. I'm reasonably confident all our runners will get a start. The lead up performances by our runners have been very good with Husson Eagle's 2<sup>nd</sup> at Randwick on Saturday being a super effort.

Magic Millions is Australia's second richest race day after 'The Everest' meeting although the stakes money at that meeting is propped up by two races.

If you are interested in any lots at the Gold Coast, please text them to me on 0433762700. I have started to put together my list and have some nice horses on it, not all by the boom sires. My feeling is a lot of the money will be soaked up by the progeny of five sires with terrific opportunities available outside these.

We wish you and your loved ones a great 2019. The four horses pictured cost \$332,500 and have returned \$1,420,833 to date. 12 January could swell this figure!!!
